EDUCATION

RV Institute of Technology and Management (RVITM)

Bachelor of Engineering in Information Science & Engineering, CGPA: 8.7/10

Bengaluru, India

2023 – 2027

PROJECTS

Resume Analyzer | MERN Stack, JWT, Google Gemini API

- Developed a full-stack AI-powered Resume Analyzer using the MERN stack with JWT authentication
- Integrated Google Gemini API to generate ATS-inspired scores and personalized resume improvement suggestions
- Implemented PDF/DOCX resume upload, skill extraction, missing skill detection, and resume history using MongoDB
- Designed secure REST APIs for authentication, resume management, and AI-powered analysis

Sign Language Translator | MediaPipe, OpenCV, Flask

- Developed a real-time sign language translation system using MediaPipe hand landmarks and HistGradientBoostingClassifier
- Trained the model on approximately 4,500 images covering 15 predefined sign classes with 98–99% accuracy
- Implemented sign-to-text translation with text-to-speech functionality for improved accessibility
- Built a Flask web application supporting live webcam prediction and confidence score visualization

Smart Finance Tracker | MERN Stack

- Developed a full-stack financial platform using Next.js 15 App Router, React 19, Prisma ORM, and PostgreSQL, supporting multi-account tracking and real-time transaction processing.
- Implemented an event-driven background pipeline using Inngest to automate recurring transactions, cron-scheduled weekly reports, and 80 percent budget alert notifications via Resend.
- Integrated Google Gemini Vision API to build an automated receipt scanner that extracts merchant details, dates, and amounts from uploaded images with low latency and also Secured application endpoints with Clerk authentication and Arcjet token-bucket rate limiting to mitigate DDoS risks.

TECHNICAL SKILLS

Languages: Python, Java, C

Frontend: JavaScript, HTML, CSS

Backend: Node.js, Flask, REST APIs

Databases: MongoDB, MySQL,

AI / Machine Learning: Google Gemini API, Scikit-learn, MediaPipe, OpenCV, Computer Vision

Developer Tools: Git, GitHub, VS Code, Linux

CERTIFICATIONS & RELEVANT COURSEWORK

Certifications: Cyber Security Workshop; International Level Student Workshop (2024)

Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering, AI & Machine Learning

LANGUAGES

English | Hindi | Kannada
